

# Tile

## Ceramics and Glass Collection

**Accession Nr.:** 63.660.1 

**Date of production:** ca. 1900 (presumably)

**Place of production:** Hungary (presumably)

**Inscription:** nincs; ill. masszába nyomott két félkör (?).

**Materials:** hard earthenware

**Techniques:** decalcomania printed in two colours; pressed

**Dimensions:**  
height: 7,8 cm  
width: 15,5 cm  
thickness: 1 cm

This rectangular tile was used to border tiled wall surfaces. Its pattern created a continuous ornament line. There are patches of stylized flower stems, bending in and outwards, connected with a dynamically looped ribbon motif, between the light violet bordering stripes over the white base. The flower heads are shaded differently. The print is slightly patchy, not smooth.
