The stand, decorated with blue spots, is held by four small ball feet. It has a curved handle and two pierced baskets to hold the cruets. The two cruets with lips and covers are placed in the baskets. Their blue-spotted bodies are decorated with three bunches of flowers, painted in cobalt against white fields. The finials are relief leaves. Marked on the bottom of the stand, in cobalt. The mark is similar to the one used in the workshop of "De Porceleyne Claeuw" at that time.
