Date of production: mid 17th century

Place of production: Antwerp

Inscription: jobbra P. van Lisebetten

Materials: parchment

Techniques: silk application

Dimensions: height: 12,5 cm
width: 9 cm

The figure of Saint Cecilia seated at the organ can be seen in the coloured copper engraving in the oval pane at the centre of the parchment sheet, framed with a thin gold line. In the background – behind an arched window – a tree appears in the landscape. From the right-hand edge, rays of light emanating from the corona of a cloud illuminate the face of the saint. The small picture is decorated with flower appliqué made from coloured silk.
