Chatelaine

Metalwork Collection

Accession Nr.:	61.720.1
Date of production:	second half of the 19th cent.
Place of production:	Germany (presumably)
Inscription:	tartólemezén beütött német (?) fémfinomsági jegy
Materials:	silver
Techniques:	filigree decoration
Dimensions:	length: 15,5 cm width: 2 cm

This is a historicizing version of a seventeenth century accessory that was usually worn suspended on the belt. The suspender plate is bent, with a filigree rosette below, from which the six chain plaits start. The chains are gathered with a small plate at the top. They are connected in pairs, suspending a pair of scissors, an acorn-shaped yarn case and a baluster-shaped needle case.
