

# Ring

## Metalwork Collection

**Accession Nr.:** 66.76.1 

**Date of production:** ca. 1880

**Place of production:** Austria (presumably)

**Techniques:** engraved decoration

**Dimensions:** diameter: 2,5 cm  
weight: 8,40 g

The ring is plain, with a round section, decorated with a spread acanthus leaf on each side. The head is rectangular, coffin-shaped, with a scrolling decoration at the top. The bottom conceals a hollow case, in which a pipe-like key is hidden. Moving on hinges, the case can be folded out of the head.
