Necklase

Metalwork Collection

Accession Nr.:	53.2504.1
Date of production:	second half of the 19th cent.
Place of production:	Hungary (presumably)
Materials:	pearl; ruby; silver
Techniques:	gilded; pierced
Dimensions:	length: 37 cm width: 1,8 cm

Both the form and the decoration of the necklace recall Baroque jewels it consists of thirteen identical parts: all are oval, pierced rosettes, and connected with smaller, rosette pieces. The reverse of twelve is enriched with four repousse, stylised male heads, arranged ray-like. The clasp is also pierced, with palmets. The whole surface is set with precious stones: there are four small rubies in the corners and a pearl in the middle.
