

Electric table lamp

Metalwork Collection

Accession Nr.: 51.907 

Date of production: ca. 1900

Place of production: France

Inscription: jelzetlen

Materials: bronze; electric fittings

Techniques: cast; pressed

Dimensions: height: 66 cm
base diameter: 30 x 28 cm

The naturalistically shaped lamp imitates a thistle stem. Three stems of different length spring from the irregular foot, among three large, curved leaves. The leaved stems end in a sepal setting, holding the thistle-shaped shade that is open at the top.
